

Monday 27th April 2020 Year 1/2 Maths

Dear Parents/Carers

For this week please follow the BBC Bitesize lessons for your child's year group. We were hoping to be able to access the whole week's lessons today but they are not all available at the moment.

Year 2 should recognise the coins and already be able to make amounts to £1.00. Whilst this can be practised, more emphasis is generally needed on finding change. We would teach this by counting on.

BBC Bitesize a section called 'Class Clips' and this has many videos for the children to watch to support their learning.

There are also some fun money games on www.ictgames.com. They are in the section on 'Measurement'.

Have fun!!

Many thanks

Mrs Austen, Mrs Brown, Mrs Wibroe
