Name: ……. Date: ……

Target: I can use a pictogram to answer questions.

This **pictogram** shows how many taxis were in Matt the mechanic's garage last week. How many taxis were in the garage each day?

Day of the week	**Amount of taxis**	**Number**
Monday		
Tuesday		
Wednesday		
Thursday		
Friday		

Use the **pictogram** to answer these questions. Remember to read the questions carefully!

How many taxis were in the garage **altogether**?

……

How many more taxis were in the garage on **Monday** than on **Tuesday**?

……

How many taxis were there **altogether** on **Tuesday** and **Wednesday**?

……

If there had been **3 more** vans on **Tuesday** how many vans would there have been?

……

On Thursday there were **3** vans. On which day was there **double this** amount of vans?

……
