

Dear Children,

How are you all? I hope you are coping with the work that has been set so far? I know it is really difficult sharing computers/laptops and I know some of you do not have a very good internet connection. Please don't worry just have a little check list in your mind.

Check List

1. Get dressed, ideally before lunch time
2. Clean your teeth, ideally twice a day
3. Read
4. Have a run around outside, make sure you do something that gets your heart pumping
5. Complete some maths - this can even include baking
6. Run around some more or do something that makes you laugh
7. Write something
8. Help around the house
9. Play a game or get creative, drawing, colouring, constructing
10. Read some more

Oh yes, don't forget to eat! Lots of healthy fruit and vegetables.

If you can get through your list each day you are doing wonderfully and if some days it doesn't all get done, don't worry, we all have days like that.

I know some of you may be aware that the Prime Minister is going to say when it is safe for us to come back to school. Please don't worry about it. I know many of you will be enjoying the 'home school' life, you can work at your own pace and order your day so it works for you. So, when we do eventually come back, which we will, we will take it slowly to start with. When we do come back it will be because the scientists believe it is safe to do so. The children that have been coming into school whilst you have been at home have been having a lovely time and I know you will too and our lovely cleaners have cleaned the school from top to bottom.

Enjoy the time you have at the moment with your family, enjoy the sunshine, laugh lots, cuddle your parents and be ready to tell us all about the wonderful things you have been doing during lock down.

If you have read all the way to the bottom of my newsletter, well done because here is a message you don't want to miss. Tomorrow is VE Day, a very special day to remember when the Second World War came to an end. So today, you don't have to do any school work (unless you really want to). Have a day off, or maybe do some VE Day activities.

Thinking of you all,

Mrs Sandberg
