

We are learning how numbers are split into tens and ones.

I can identify how many tens and ones are in a given number.

Place Value

Counting in 10's and 1's, write down the value of each box.

Draw the amount of 10's and 1's you need for each number.

	25		50
	42		15
	37		8

How did you find this activity?

Traffic light the circle.
