

KS2: Years 3 and 4

Tools for the job:

Perimeter	The distance around the outside of a shape, calculated by adding the length of all sides together.
Area	The term used to define the amount of space taken up by a 2D shape or surface. Areas can be measured in square metres (m ²), square centimetres (cm ²) and so forth.
Dowling	A dowel is a cylindrical rod , usually made from wood.
2D shape	2D shapes are completely flat and have only two dimensions. These two dimensions are height/length and width.
Treehouse	Platforms or buildings built into a tree. They are constructed around, next to, or in mature trees.
Floorplan	A plan from above that shows the position of the rooms in a building.
Kiddle	An alternative to Google which offers a safe search engine for children.

Everything You Need for a Treehouse
by Carter Higgins & Emily Hughes

Treehouses are for wonder.
Treehouses are for snacks.
Treehouses are for whispers
and snickers and echoes.

Treehouses are for everyone.

This book celebrates the universal wonder of treehouses and all the adventures that live among branches.
