

## Year 3 Maths

Hello Year 3,

We are moving on to multiplication and division in maths this term. I have provided links to daily lesson videos below and there is a worksheet to complete with each one. These lessons will include a recap of 2, 5 and 10 times tables before we move on to 3, 4 and 8 times tables and related division facts.

Where the worksheets ask you to use cubes or counters, please feel free to use whatever you can find at home. Anything from pasta to Lego bricks are fine!

Your parents have been sent my school email address so please do send over completed work when you get a chance.

Many thanks,

Mr Wheatley

Mon 4<sup>th</sup> Jan - **Multiplication - equal groups**

<https://vimeo.com/469786596>

Tues 5<sup>th</sup> Jan - **Multiplication - using the symbol**

<https://vimeo.com/469787342>

Weds 6<sup>th</sup> Jan - **Using arrays**

<https://vimeo.com/469787855>

Thurs 7<sup>th</sup> Jan - **2 times-table**

<https://vimeo.com/469788481>

Fri 8<sup>th</sup> Jan - **5 times-table**

<https://vimeo.com/469788983>

Mon 11<sup>th</sup> Jan - **Make equal groups - sharing**

<https://vimeo.com/471009909>

Tues 12<sup>th</sup> Jan - **Make equal groups - grouping**
