

Hello everyone! Thank you for another fantastic effort last week. You have worked very hard with your times tables. This week, we will be looking at some addition and subtraction. We have already worked on this earlier on in the year but this should hopefully extend that learning further. If you need anything to help you with this work then you could use some pasta, beads or such like for support when adding and subtracting.

Monday 8th Feb 2021- Add and subtract multiples of 100

Watch <https://vimeo.com/459318816> and then complete Q.1-3. If you feel like a challenge then have a look at the next questions.

Tuesday 9th Feb 2021- Add and subtract 1s

Watch <https://vimeo.com/459364931> and then complete as many questions on the worksheet as you can.

Wednesday 10th Feb 2021- Add and subtract 3-digit and 1-digit numbers

Watch <https://vimeo.com/459319169> and then complete Q. 1-4. If you feel like a challenge then try the rest of the sheet.

Thursday 11th Feb 2021- Add a 2-digit and a 1-digit number

Watch <https://vimeo.com/459365159> and then have a go at Q.1-5 on the sheet.

Friday 12th Feb 2021- Add 3-digit and 1-digit numbers

Watch <https://vimeo.com/459365558> and then focus on Q. 1-3 on your worksheet.
