- ▶ What school is best going to meet their needs?
- ▶ What school can offer your child a curriculum and a learning approach which will fit with them?
- ▶ School Ethos
- ▶ SEN
- ▶ Clubs, activities
- ▶ Travel implications and costs
- ▶ Children can often do very well in schools we didn't want to send them to and cope with what we didn't think they would.
- ▶ The majority however end up where we hope and equally succeed there too.

# Travel to Secondary School

- ▶ Your child can get free travel if they attend their nearest appropriate school.
- ▶ *While parents are free to name any school they wish during the admissions process, their child will only be eligible for free transport where the school selected is their nearest appropriate school for transport purposes. In other words, while KCC are happy for parents to exercise parental choice in their selection of schools, this may mean forgoing your entitlement to free transport.*
- ▶ If you live more than 3 miles from the school using the shortest available walking route.
- ▶ A walking route can include public footpaths, bridleways, other footpaths as well as recognised roads where they are available.
- ▶ Your nearest suitable school may not always be the school of your choice

- ▶ *Children assessed suitable for a Grammar school do not automatically secure eligibility for transport assistance to a Grammar school. A Grammar school is a parental preference and where it is not the nearest school, there may be no eligibility to receive free transport. All mainstream schools are required to be able to meet the educational needs of children across the mainstream ability range including those in the top 25% of the range. Just as a Grammar school assessment does not guarantee entry into a Grammar school, an offer of a place at a Grammar school does not determine that transport will be provided if an alternative mainstream non-selective school or Academy is closer to a child's home address.*
- ▶ *There is assistance available for low income families*
- ▶ *Where it is not possible to offer any of a parent's school preferences through the main admissions round, KCC will allocate a place at the next nearest school with an available space. Where this occurs, children will be eligible for free school transport to the allocated school, where it is beyond the statutory distance, if their parent has named their nearest schools, making use of all available preferences. If parent's admission preferences are not expressed in the order outlined above, Kent County Council will not be responsible for providing transport assistance.*

## Results day

We can only send this to the email address used to register your child. If you did not provide an email address, we will post your child's result to you on results day by first class post. You can ask your child's primary school for their test scores the day after results go out.

- ▶ To be given a grammar school assessment, **children needed a total score of 332 or more, with no single score lower than 107.**
- ▶ The highest possible total score is 423.
- ▶ Where children have been assessed suitable for grammar school via their local Head Teacher Assessment Panel, their score may be below the 332 total score threshold. Children may also score higher than 332, but still be assessed as suitable for high school in cases where one or more of their individual scores were below 107.
- ▶ Children can of course have a score over the aggregate score, but not scored above the pass mark in all three tests
- ▶ eg  $110+120+106=337$  This child has not gained at least 107 in all tests
- ▶ eg  $109+109+109=327$  This child has not gained at least above 332 in all tests
- ▶ eg  $110+120+109=339$  This child has gained at least 107 in all tests and scored a total above 332

# Waiting Lists

- ▶ **If your child is assessed as suitable for grammar school**, any Kent grammar school you apply for will consider your application, but this does not guarantee your child will be offered a place. If more children qualify for places than it has space for, the school must use its [admissions criteria](#) to decide which children to offer places to. If your child is not offered a place at a grammar school because it is full you can put their name on the school's [waiting list](#). You can also [appeal](#) to explain why you think the school should admit your child even though it is full.
- ▶ **If your child was not tested or was not assessed as suitable for a Kent grammar school**, you can still apply for a Kent grammar school but your application will be turned down. You will then have the right to [appeal](#) to explain why you think grammar school is a suitable option for your child.
- ▶ Where parents have lodged an appeal against the refusal of a place and a place becomes available at the school, the place can then be offered without an appeal being heard, provided there are no other applicants at that time ranked higher on the school's waiting list, which is held in accordance with the school's oversubscription criteria. (Where the school is a Grammar school, a place may only be offered if the child has been assessed as being suitable for a Grammar school place and there are no other applicants at that time ranked higher on the school's waiting list.)

# In Summary

- ▶ Places are allocated on 1st March 2024.
- ▶ You should accept the place you are offered.
- ▶ Try and speak positively about this school as your child might go there even if its not what you wanted.
- ▶ You can still put your child's name on the waiting list for any other schools you have listed if you would have preferred that school. You can also appeal to them.

# We are here to help

- ▶ Please, please , please if you have any questions do not hesitate to ask us. It may well be that we can answer them for you and if we can't we may be able to point you in the right direction!
