

Knowledge Organiser – History – Explorers – Year 1/2

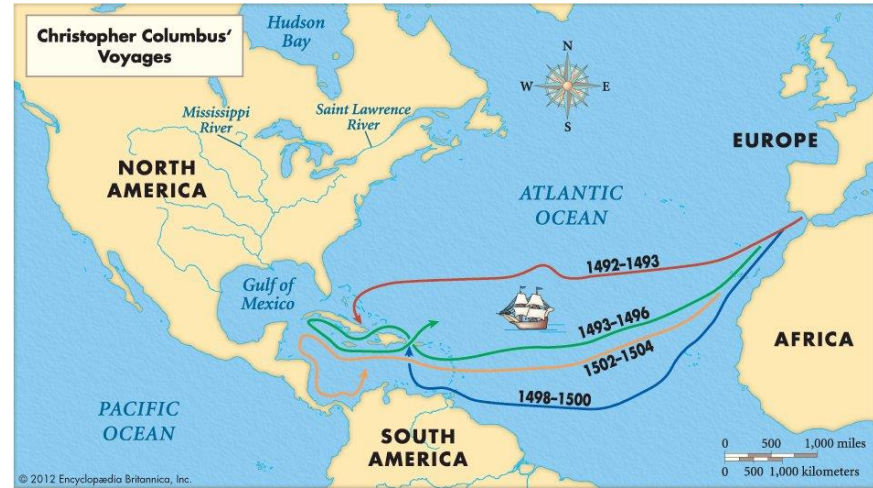

One small step for man. One giant leap for mankind.

During our school trip to the Royal Observatory in Greenwich we will be watching a space show in the planetarium. This is a domed building where stars, planets and constellations are projected.

In 1492, Columbus sailed the ocean blue.

Key Vocabulary	Definitions
explorer	A person who explores a new or unfamiliar place.
space	The zone above and around our planet
